BIOGRAPHIES

Nick Marinos

Nick Marinos joined the U.S. Government Accountability Office (GAO) in 2002 and serves as Director of Cybersecurity & Information Management issues within its Information Technology team. As part of his responsibilities in this role, Mr. Marinos manages audit teams that perform government wide and agency-specific cybersecurity, privacy, and information management reviews across all major federal agencies. Mr. Marinos is certified information privacy professional and holds a Master's in Business Administration and a Bachelor's of Science from Virginia Tech.

Diego Rosenfeld

Diego Rosenfeld is a Principal at RSM US LLP and leads the RSM Infrastructure and Managed Services practice in the Northeast. His team is responsible for the planning and deployment of cloud based technology solutions for midmarket customers across a variety of industries. Additionally, Diego acts as a virtual CIO for several organizations in the Greater Boston area that are undergoing significant digital transformation initiatives.

Larry Wilson

Larry Wilson is the Chief Information Systems Officer (CISO) of the University of Massachusetts President's Office. He is responsible for developing, implementing and managing the University of Massachusetts Information Security Policy and Written Information Security Program (WISP). Larry has over 20 years of experience in Information Technology, including 10 years in Information Security. Previously, he was the Vice President of Network Security at State Street Corporation, and an IT Audit Manager for Deloitte's Audit and Enterprise Risk Services (AERS) advisory practice. Larry is the Certification Director for ISACA New England and teaches Certified Information Systems Audit (CISA) certification training. Larry holds an MS degree in Structural Engineering from the University of New Hampshire and his industry certifications include CISA, CISSP and ISA.

Stephen Conway

Stephen has been with the Office of Inspector General Office of Audit Services for the past 31 years. He has worked primarily on Medicare and Medicaid audits. Currently Stephen serves as Director of the Advanced Audit Techniques Staff which has responsibilities for mainframe and PC based data matching, data mining and analytics, and extracts. He earned his BS in Accounting from Merrimack College, North Andover MA and an MBA from Southern New Hampshire University, Manchester, NH. He is a Certified Information Systems Auditor and a member of the New England Intergovernmental Audit Forum.
