

IRS DATA SHARING AND SAFEGUARDS

Governmental Liaison

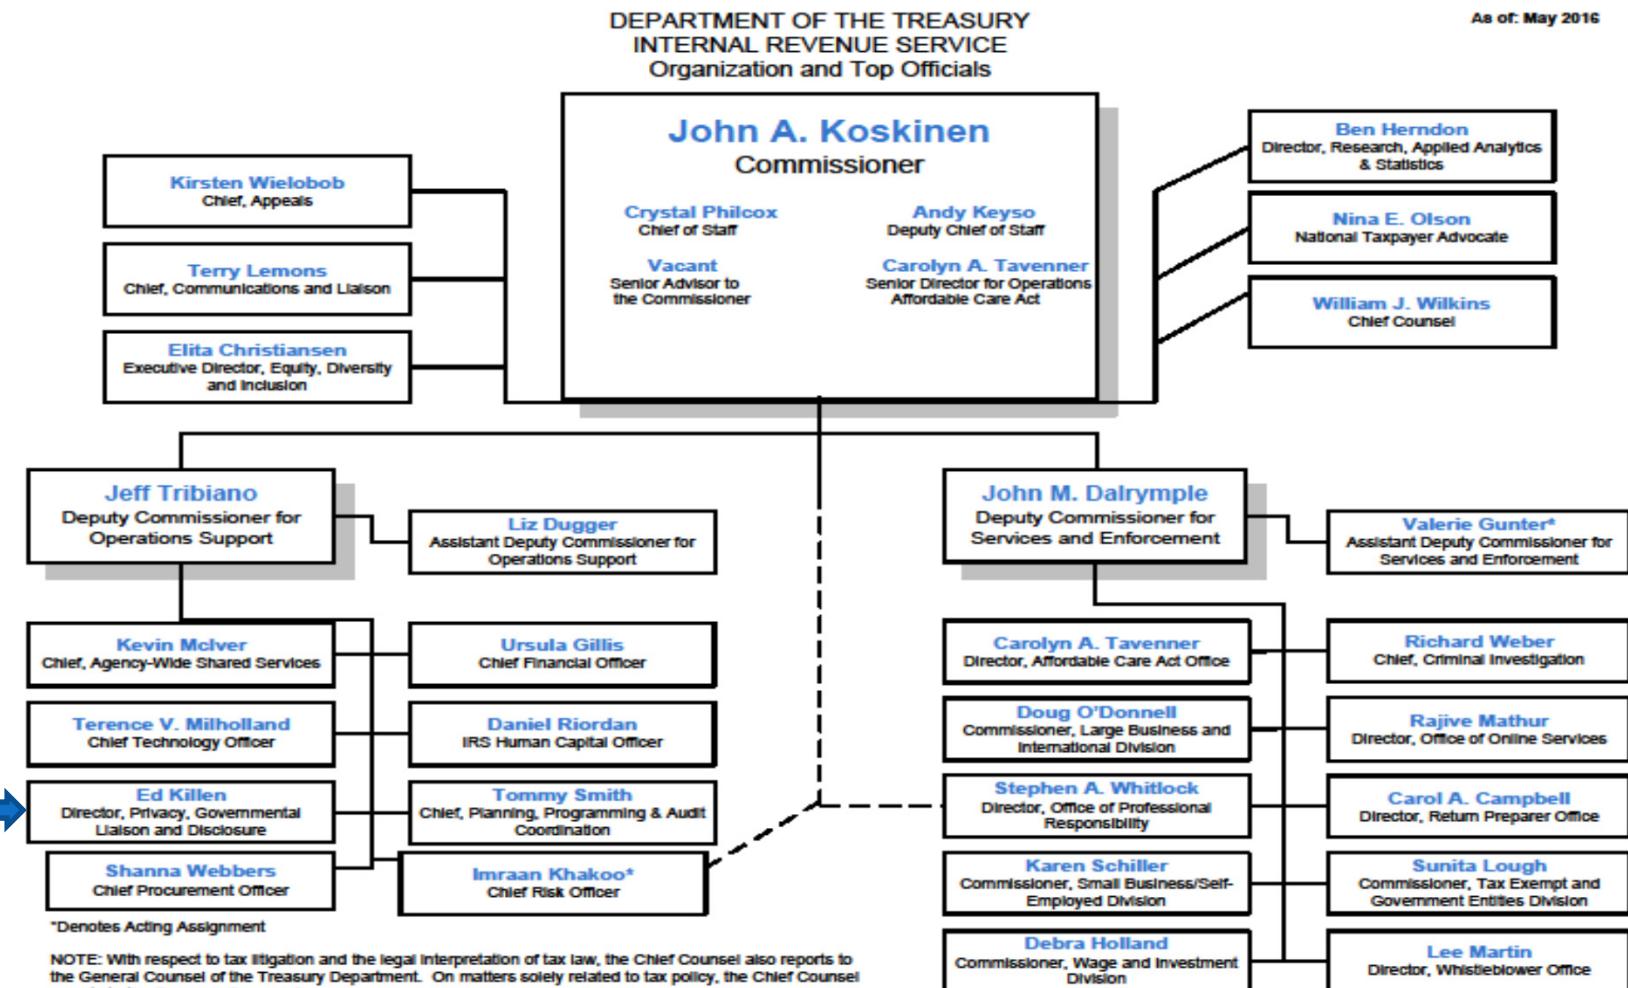

Mission

- Strengthen America's tax system by partnering with federal, state and local governmental agencies, focusing on data and information exchanges.
- Ensure IRS employees and external partners protect confidential tax information by serving as the *gateway* to the appropriate GLDS functions to properly address data protection.
- Achieve mutually beneficial goals of improving voluntary compliance, increasing efficiency of tax administration, and reducing taxpayer burden.

Basic & Implementing Agreements

Basic Agreements

- Mutual exchange of tax data between a specific state tax agency and IRS.
- Scope is developed through discussions between Governmental Liaison and the state tax agency.
- IRC 6103(d)(1).

Implementing Agreements

- Supplements the basic agreement by specifying the detailed working arrangements and items to be exchanged, including tolerances and criteria.
- Covers areas of early intervention and education, joint compliance, data exchanges, and technological advances and improvements.
- Developed with each state tax agency that wants to receive Federal returns and return information on a continuing basis.

Governmental Liaison Data Exchange Program

- Internal Revenue Code Section 6103(d) authorizes IRS to share federal tax information with state tax agencies for tax administration purposes.
- GLDEP extracts specific data from various IRS master files and databases.
- Participating agencies use the extracts to increase revenue and compliance.
- Currently there are 105 enrolled agencies and 20 different extracts.
- Example: Identity Theft Protection Indicator (ITPI) Extract
 - The extract provides an indicator for a taxpayer identified as either having potential risk for or has been impacted by identity theft.

FedState Suspicious Filers Exchange

- The Suspicious Filer Initiative between the IRS and state revenue departments allows the agencies to exchange suspicious filer, fraudulent refund, identity theft, and scheme leads and information.
- In FY2016, the Suspicious Filer Initiative was expanded to all state revenue agencies based upon the success of a pilot in 2015.
 - Forty-three states and six city agencies made a written request for information either through Form 8796-A or an updated Implementing Agreement.
- RICS shares confirmed and questionable identity theft returns with requesting state revenue agencies through Secure Data Transfer.
- State agencies also share leads of fraudulent returns with the IRS.
