**Dialogue and Collaboration Across Government**

## Question 1

The oversight community has a long history of working together particularly in times of economic or national crises. Most recently, during the early days of the COVID-19 Pandemic, this was on full display. What were some key partnership efforts that helped during the COVID-19 pandemic?

## Question 2

Can you all discuss other examples of collaboration in recent years?

## Question 3

Although we hope the periods between such events (economic or national crises) are lengthy, what do partnerships look like during those stable periods? Are these partnerships as necessary now as before?

## Question 4

What makes for a successful partnership?

## Question 5

How could the current intergovernmental partnership framework be improved?

## Question 6

Participant Questions?
